Hopkinsville, Ky.

Dear Sir,

Your letter enclosing the small copper coin received. It is an Ancient Greek coin dating back to about B. C. 409 as near as we can locate it. These coins are not rare and would k not retail at more than 50c. These is very little demand for Ancient Greek coppers.

We return the coin herewith and regret to disappoint you as to its value.

Yours very truly,

Return small bronze coin of Panormus,
Head left, Reverse Free horse.
